SECTION 63.71 APPLICATION

Pursuant to Sections 63.71 of the Commission's Rules¹ and Section 214(a) of the Communications Act of 1934, as amended,² Egyptian Telephone Cooperative ("Egyptian" or the "Cooperative") hereby files this application to discontinue the provision of select operator services to customers that the Cooperative serves in the state of Illinois ("Application").³ In support of this Application, Egyptian Telephone Cooperative submits the following:

I. Information Required by Section 63.71(a)(1) - (4)

A. Name and Address of Carrier

Egyptian Telephone Cooperative
1010 W. Broadway
P.O. Box 158
Steeleville, IL 62288

For purposes of this Application, the Commission may contact:

Kevin J. Jacobsen, CEO
Egyptian Telephone Cooperative
1010 W. Broadway
P.O. Box 158
Steeleville, IL 62288
(618) 774-1000
kjacobs@egyptian.net

¹ See 47 C.F.R. § 63.71.

² See 47 U.S.C. § 214(a).

³ As required by Section 63.71(a) of the Commission's Rules, Egyptian has notified and submitted a copy of this Application concurrent with this filing to the Illinois Commerce Commission, the Governor of Illinois, and the Secretary of the Department of Defense.

B. Date of Planned Service Discontinuance

Egyptian Telephone Cooperative will discontinue operator-assisted collect calls, third-party billed calls, credit card billed calls, line status verification, busy interrupt and person-person services to its customers in the state of Illinois on or after June 13, 2016, upon completion of all necessary federal and state regulatory approvals.

C. Points of Geographic Areas of Service Affected

Egyptian Telephone Cooperative provides telecommunications service throughout its service area in the exchanges of Baldwin, Blair, Glenn, Oakdale, Rice, St. Libory, and Venedy.

D. Brief Description of the Types of Service Affected

In the areas referenced above, Egyptian Telephone Cooperative provides the following services which will be discontinued (collectively, "Affected Services"):

- Collect Calls - A billing arrangement by which the charge for a call may be reversed provided the charge is accepted at the called service point.
- Billed to a Third Number - A billing arrangement by which an operator-assisted call may be charged to an authorized service point other than the service point originating the call or the service point where the call is terminated.
- Bill to Credit Card - A billing arrangement by which an operator-assisted call may be charged to an authorized credit card.
- Line Status Verification – An operator service allowing the operator to confirm when a line is idle or in use.
- Busy Interrupt – An operator service allowing the operator to break into a conversation when a line is in use.
- Person-to-Person - A service where the person originating the call specifies to the Cooperative operator a particular person to be reached, a particular mobile service point to be reached through a Mobile Telephone Service attendant, or a particular station, department or office to be reached through a PBX attendant.

This discontinuance is limited to the Affected Services. Customers will continue to have access to all other current services without interruption.

II. Brief Description of the Dates and Methods of Notice to All Affected Customers

Notices were sent to all Egyptian Telephone Cooperative's local exchange customers as a bill insert on March 15, 2016. Please reference Exhibit A which is a sample copy of the Notice sent to the affected customers. Egyptian Telephone Cooperative deemed the bill insert the most economic method of reaching its rural customers and printed the insert on distinctly colored paper to distinguish it from the billing statement and bring sufficient attention to the Notice.

III. Status of Carrier

Egyptian Telephone Cooperative is an incumbent local exchange carrier and considered a dominant carrier with respect to the services that it proposes to discontinue in the state of Illinois.

IV. Circumstances of Discontinuance

The Cooperative's discontinuance of the Affected Services was a business decision based on a lack of customer demand for the service. In the preceding 12 months, the Cooperative has no instances of usage of the Affected Services. Therefore, the discontinuance of these services will not adversely affect the Cooperative's customers.

V. Certification

On behalf of Egyptian Telephone Cooperative, I, the undersigned CEO, Kevin J. Jacobsen, hereby certify that the statements contained herein are true, complete and correct to the best of my knowledge and made in good faith.

VI. Conclusion

For the reasons stated herein, the Cooperative respectfully requests grant of this Application.

Respectfully Submitted,

Kevin J. Jacobsen, CEO
Egyptian Telephone Cooperative

EXHIBIT A

CUSTOMER NOTICE

March 15, 2016

RE: FCC-Required Notice of Discontinuance of Certain Operator Services

Dear Valued Customer:

This letter is to inform you that on or after June 13, 2016, Egyptian Telephone Cooperative, ("Egyptian") will no longer be providing certain operator services within the state of Illinois. Customers who attempt to utilize the discontinued services will be informed by the operator that the service is not available. Specifically, the following operator services will be discontinued.

- Collect Calls - A billing arrangement by which the charge for a call may be reversed provided the charge is accepted at the called service point.
- Billed to a Third Number - A billing arrangement by which an operator-assisted call may be charged to an authorized service point other than the service point originating the call or the service point where the call is terminated.
- Bill to Credit Card - A billing arrangement by which an operator-assisted call may be charged to an authorized credit card.
- Line Status Verification – An operator service allowing the operator to confirm when a line is idle or in use.
- Busy Interrupt – An operator service allowing the operator to break into a conversation when a line is in use.
- Person-to-Person - A service where the person originating the call specifies to the Cooperative operator a particular person to be reached, a particular mobile service point to be reached through a Mobile Telephone Service attendant, or a particular station, department or office to be reached through a PBX attendant.

This discontinuance is limited to the above operator services and will not affect your Egyptian service in any other way. Customers will continue to access general operator services, including operator assisted dialing, handling sent-paid calls, handling emergency calls and providing rate quotes where available.

The FCC will normally authorize this proposed discontinuance of service unless it is shown that customers would be unable to receive service or a reasonable substitute from another carrier or that the public convenience and necessity is otherwise adversely affected. If you wish to object, you should file your comments as soon as possible, but no later than 30 days after the Commission releases public notice of the proposed discontinuance. You may file your comments electronically through the FCC's Electronic Comment Filing System using the docket number established in the Commission's public notice for this proceeding, or you may address them to the Federal Communications Commission, Wireline Competition Bureau, Competition Policy Division, Washington, DC 20554, and include in your comments a reference to the §63.71 Application of Egyptian Telephone Cooperative. Comments should include specific information about the impact of this proposed discontinuance upon you or your cooperative, including any inability to acquire reasonable substitute service.

If you have any questions about this notice or Egyptian's discontinuance of the aforementioned operator services, please contact us at 1010 W. Broadway, Steeleville, IL 62288 or (618) 774-1000.

We thank you for your business and look forward to continuing to serve your communications needs.

Sincerely,

Egyptian Telephone Cooperative
